What Ray Does

Ray works with Christian Outreach for Africa's supporters who want to discover the lifetime plan that God has planted in their heart to *transfer the blessings* He has given them to their family and the ministries they love. Ray's *confidential* services are at **No Cost** to you as a supporter of COFA.

Ray begins each consultation by listening in order to understand each individual's unique priorities. Using the information he gathers, he then guides and directs each individual in shaping a *Lifetime Plan for Giving* that fulfills personal and family goals.

This confidential service includes discussion of **family matters** and the challenges and opportunities involved in estate and financial plan development, so that the benefits of charitable planning can be understood in relation to each

Ray works with the supporters of Christian Outreach for Africa to encourage the generosity and the goodwill that God has given to His people.

From the fullness of his grace we have all received one blessing after another
